You are interested in performing experiments and investigations ethically and safely.
You can evaluate evidence, analyse and interpret ideas and link them to scientific knowledge.
It is recommended that students undertaking Chemistry or Physics should have good algebra skills.

**YEAR 11**

- VCE Physics Units 1 & 2
- VCE Chemistry Units 1 & 2
- VCE Biology Units 1 & 2
- VCE Agriculture & Horticulture Units 1 & 2
- VCE Environmental Science Units 1 & 2
- VCE Psychology Units 1 & 2

**YEAR 12**

- VCE Physics Units 3 & 4
- VCE Chemistry Units 3 & 4
- VCE Biology Units 3 & 4
- VCE Agriculture & Horticulture Units 3 & 4
- VCE Environmental Science Units 3 & 4
- VCE Psychology Units 3 & 4

**POST YEAR 12**

- **Workforce**
  - Horticulture or Agriculture
  - Gardener
  - Groundskeeper
  - Water Management

- **TAFE**
  Diplomas & Certificates in:
  - Horticulture
  - Conversation & Land Management
  - Nursing
  - Agronomist
  - Groundskeeper / Curator

- **University**
  Bachelor Degrees in:
  - Chemical Engineering
  - Health Science
  - Biological Science
  - Environmental Science
  - Agricultural Science
  - Pharmacy
  - Marine Science
  - Biomedical Science
  - Dentistry
  - Nursing
  - Medicine
  - Geology
  - Archaeology
  - Aerospace Engineering
  - Biomedical Science
  - Psychological Science
  - Optometry
