

VET Music – Sound Production

CUA30920 Certificate III in Music

Campus Location	Mildura Senior College
Delivery Mode	MSC Timetable
Program Length	2 years
Credit	Year 1: Unit 1 & 2 Year 2: Unit 3 & 4 Study Score ATAR

COURSE DESCRIPTION

Have you ever wanted to work behind the scenes in the music industry or be involved in a music festival? Then this is the course for you. Students will learn the essentials of audio engineering and electronic music production from both theory and practical training.

Assessments include practical, written, online, exams and completion of workbooks.

YOU WILL LEARN

- How to record, mix and edit sound sources
- How to operate sound reinforcement equipment for live music events using both analogue and digital systems
- How to install and disassemble audio equipment
- How to manage audio input sources
- How to use a range of audio software including industry standard ProTools

ARE YOU SUITABLE?

- Do you like music?
- Are you interested in working with electronics, technology and computers?
- Are you able to work as part of a team?
- Are you flexible and able to handle pressure?
- Are you open to flexible working hours?

CAREER OPPORTUNITIES

- Sound Engineer
- Sound & Lighting Technician
- Director
- Broadcaster
- Stage Manager
- Digital Audio Technician
